Which Math Courses Can I Take?

**** You may take more than one Math, others will count as electives****

Compulsory Courses – More Information

English Literature - ELL

- Designed to prepare students for post-secondary education
- School will be shifting expectations of students in this course:
 - Higher expectations for the workload a student will need to manage, the level of difficulty of the work they will be assigned, and the student's ability to manage their work independently.
- Grade 11 ELL30S will be required to register for Grade 12 ELL40S **
- Low marks in ELL30S will lead to recommendations to take other G12 English courses

Health & Phys Ed - HEPE

- Everyone needs to choose either HEPE FIT or HEPE GAMES
- An Independent HEPE, based outside the classroom, may be made available later this spring, depending on registration and staffing
 - Application based – students must show they are able to complete the requirements through an application
 - G12 students will have first priority, G11 students may not be eligible

Consider taking a second English course if you are concerned about your marks for university applications.

Requesting Spares

Please note that students are allowed to request spares in grade 12. Students will be registered in enough courses so that they meet graduation requirements along with one additional credit to ensure they earn enough credits.

Check the option that best meets your request:

Register for all selected electives

Register for the minimum amount of credits needed

How many spares would be ideal for you?

Semester 1:

Semester 2:

- Selecting extra electives aids in scheduling if a preferred course will not work with your schedule
- You will be scheduled in the required number of courses for graduation +1 safety credit
- Be sure to indicate how many spares you would like in your schedule

RRTVA Programs

The RRTVA partners with W.C. Miller to give students access to vocational programs that are available across multiple school divisions

Videos of each program are available on the RRTVA website:

[https://rrtva.blsd.ca/programs/
program_videos](https://rrtva.blsd.ca/programs/program_videos)

- Autobody (Morris)
- Automotive Tech (GVC, Winkler)

- Piping Trades (Morden)
- Welding (Morris)
- **Health Care Aide (Location TBD)**
***requires an additional application to Red River College and some fees are involved**

RRTVA – What You Should Know

- RRTVA programs require an application
- Programs take a full semester
- The opposite semester will be used for compulsory courses

- Programs begin at 9:30 am and end around 2:30 pm
- You will be back at W.C. Miller in time for bussing home

- Most RRTVA programs allow you to earn 4 credits over the semester

- If your program is at a different site, buses leave W.C. Miller around 9:00 am and return around 3:15pm

RRTVA Codes

- The codes for vocational programs are on the list of courses you will receive
- **Be sure to complete the RRTVA application form**
- A space in an RRTVA program is not guaranteed
- **An RRTVA rep will be at the top of the cafeteria stairs on Thursday at lunch**

Thinking Ahead...

Planning for life after
high school

Planning for Post Secondary Education

Use High School to Prepare Yourself

- Take a variety of courses...go beyond the minimum
- Challenge yourself to learn from your mistakes – now is the time to take some risks
- Develop your study skills
 - Learn to manage your time: meet deadlines, keep up with homework
 - Learn how to take notes, write formal papers, research

Planning for Post Secondary Education

Take Academic Prep Courses

- Intro to Calculus & Advanced Math 1 40S
- English Literature 40S

Many other courses will help prepare you, if you challenge yourself to work hard and extend yourself.

Planning for Post Secondary Education

Plan your Courses at Registration

Look at university/college requirements, both for admission and for scholarships, to help guide your high school course registration

- **If you have a definite plan...**check out the requirements from schools with your program of interest
- **If you want to keep your options open...**aim to meet the general requirements of the U of M and U of W

Planning for Post Secondary Education

Plan your Courses at Registration

General rules to follow for university/college preparation and eligibility

- Complete all general high school graduation requirements
- Take **at least** 5 full credits at the Grade 12 level
 - Grade 12 Health & Phys Ed does not generally count
 - Don't take less than three courses in a semester

and....

Planning for Post Secondary Education

Plan your Courses at Registration

Look Ahead - See what is required for programs you might be interested in studying

- Is a specific math course required? Does it have a minimum grade higher than 50%?
- Are specific science courses required (Chemistry, Biology, Physics)?
- What courses do you need to be
 - accepted (admission)
 - eligible for scholarships
